SCF/MCS 2017 Tokyo continues to evolve

SCF 2017 and MCS 2017 Tokyo have joined forces this year under the unified concept
"Major Exhibition of Cutting-Edge Technologies for Automation and Measurement - Open up the future by IoT, New Era of MONODZUKURI."
This year's event carries on the theme of the prior "Fourth Industrial Revolution: Connectivity"
and expands it to include the concepts and case studies of manufacturing IoT.
Organized by leading industries associations, this is sure to be a key event for sharing information,
making new connections, and disseminating new announcements to the world. We hope to see you there!
